

# Our Approach

**Dialogue Programs** ~ Our dialogue programs engage participants in activities that build trust, lead to respectful conversation, give voice to community issues, and provide an opportunity to take coordinated action.

**Facilitator Training** ~ We recognize that well-trained facilitators are critical to successful dialogue. Our facilitators ensure meaningful and equitable discussions by staying rooted in purpose and encouraging thoughtful consideration of what is being shared.

**Action Teams** ~ These teams emerge from Dialogue Series participants themselves. Participants identify needs in our community which they believe, if collectively and successfully addressed, will bring significant benefits to our residents.

**Community Programs** ~ We strive to present programs that build connection among residents of our community regardless of their differences. Our programs are designed to highlight our shared humanity and our diversity of experiences while deepening belonging and renewing hope.

Alone we can  
do so little.  
Together we can  
do so much.

~ Helen Keller ~

# We the People WARWICK

**Fostering  
Dialogue  
~  
Building  
Community**

*Dialogue leads to connection,  
which leads to trust,  
which leads to engagement  
and in so doing, removes  
the obstacles that  
obscure our humanity.*

~ Inspired by Seth Godin ~

# Who We Are

**Warwick, New York** is a wonderful community filled with people from a wide variety of backgrounds. Often, our diversity of experiences leads to different perceptions of current events and community challenges.

**We the People Warwick** (WTPW) is a grassroots organization formed in early 2021 with the goal of addressing the growing tensions in our town by identifying ways to bridge divides, build connections, and unite our community.

Through WTPW, concerned residents come together to consider what we have in common, what keeps us apart, and how we can work together to build a stronger Warwick for all of us. It is because of their talents, skills, creative imaginations, dedicated work, and love of community that the growth and progress of WTPW continue.

WTPW is a fully volunteer 501(c)(3) non-profit organization. We welcome donations through our website at [wethepeoplewarwick.org/donate](http://wethepeoplewarwick.org/donate).

# Our Mission

To foster dialogue, greater understanding and common ground among all people of Warwick, ensuring that every person feels welcomed, heard and supported in the town we all love.

*Above all, we strive to exercise compassion toward one another by acknowledging that what we share is more powerful than what divides us.*

# Our Goals

-  To advocate for the safety, acceptance, and support of all residents
-  To bring community members together to share points of view
-  To use dialogue to build trust and greater understanding
-  To embrace the richness of our diverse views when identifying challenges and opportunities before us
-  To address community needs using an intergenerational, cross-sector perspective to develop solutions that serve and empower all residents
